1690 Nozzles

Husky 1690 nozzle is 30% lighter than similar nozzles.

- Nozzle designed with extra large hand opening to accommodate gloves or mittens.

- Check valve is in nozzle body, not the spout, for inexpensive and fast spout replacement.

- Includes a self-adjusting stem packing.

- Automatic shut-off with dual poppets for easy opening.

- Two position hold open latch.

- Right angle design allows nozzle to "fit" close to walls and corners.

- Cast-in protective standoffs provide durability with rough usage.

- Model 1691 includes a CUL approved spout.
